VALUE

Consign with us...
“What comes around
goes around!”

VALUE, VARIETY & QUALITY

Design Repeats has something for every style...and every budget. We consign and sell gently used furniture and new home accessories. You'll find unique artisan pieces, dining room sets, couches, chairs, bedroom sets, floral arrangements, art work and much more in many styles...

We are selective.

Consigned items must be in a good, gently used condition and free of stains, tears, broken parts, scratches, pet hair and excessive wear or fading to be accepted for consignment.

FAQ's

What can I consign?

We accept gently used furniture based on a variety of criteria including its condition, seasonality and demand. Bring in a picture, sample or e-mail us. Home inspections by appointment only.

How are items priced?

Our experience in the market helps us determine the fair market value. Items are priced when they arrive at the store.
